Dear Richard Voorhees:

I would like to commend the Bridgewater Police Department, and in particular, Officer L. Galli, for a job well done. My mother, _____ passed away on May 29th of this year, and Officer Galli was the first on the scene. He handled the very difficult and emotional situation with the highest level of professionalism. Therefore, I would like to extend my deepest gratitude toward Officer Galli in the form of this commendation.

I would have written earlier, however, this past month has been very difficult for myself. I will be moving soon, and can only hope that the next township has an equally exceptional police force. Once again, thank you.

Sincerely,

cc: Officer L. Galli
