

March 16/95

Mr. Voorhees on Wed. 3/16/95 10:00 PM

I was driving on Route 22 from St. Bernards Church at the light I turned right drove a little way and my car stopped I could not start it. I am a senior citizen and I was so scared I just shook something awful a policeman was called and he came. I was so scared I did not get his name. He is a wonderful police officer. He talked to me told me not to be afraid. The main thing is he put me at ease. I calmed down and got home safely. Please give him credit he certainly deserves it thank you. He was very helpful.
